## What is the N4 corridor ?

- Connection for Gauteng to the world
- Artery within Mpumalanga for local trade
- Link to other provinces and markets
- Tourist route
- Employment channel

Without Trucks South Africa Stops

## Challenges # 01

- High traffic volumes
- High speed differentials
- Climatic changes
- Topographical changes
- Pedestrian / live stock road usage

Without Trucks South Africa Stops

## Challenges # 02

- Excessive border controls / customs
- Legislative move to rail
- Curfew on road usage
- Excessive weight controls / delays
- Prohibitive road user charges

Without Trucks South Africa Stops

## Opportunities

- High quality / well maintained road network
- Shorter distance (Gauteng – export / import point)
- Customer needs diversity along route
- One-stop / improved border process
- Foreign exposure / customer expansion
