MASTERPLAN STUDY

**COMPREHENSIVE ANALYSIS OF THE
PORT AND NEW STRATEGIES FOR
FUTURE DEVELOPMENT**

PORT MAPUTO - GROWTH OF TRADE

A tugboat named XEFINA is shown from a rear-quarter perspective, sailing on the ocean. The sky is a warm, hazy orange and yellow, suggesting a sunset or sunrise. The boat has a white superstructure with a bridge and a tall mast with various antennas and lights. The name 'XEFINA' is visible on the side of the hull. In the background, another smaller boat is visible on the horizon.
