The MCLI's tireless CEO, Brenda Horne, is taking her Maputo corridor promotional message well beyond Africa's borders.

This week will see the Maputo Corridor Logistics Initiative participating in three strategic events designed to promote the corridor as an investment opportunity - in London and Amsterdam as a guest of the European SADC Investment Promotion Programme (ESIPP) and in Addis Ababa in the AU border programme meeting.

A recent promotional tour included presentations to the SA National Agri-logistics workshop facilitated by the SA National department for Agriculture in Pretoria; the Transport Infrastructure Investment conference in Sandton and the Worldbank Group Workshop on Large Project Finance in Maputo.

"The key advice from these deliberations was that early and thorough preparation on large scale projects gave the best results," said Horne.
